

HESKETH GOLF CLUB COURSE CLOSURE POLICY

On occasions the Course will require closure due to external elements, namely weather.

The seniority for closing the Course will be as follows:

- 1) Links Manager or Club Secretary Manager
- 2) Green Staff
- 3) Club Professional
- 4) Green Director
- 5) Handicap & Competition Director
- 6) Professional Shop Staff
- 7) Directors of the Club

The final decision is placed with the most senior person on the list who is 'on site' but each person should seek guidance from the most senior contactable person wherever possible.

To signal a closure of the Course:

Rule 5.7b

A Suspension of Play or Course Closure for a dangerous situation will be signalled by ***One prolonged note on the Klaxon.***

All other Suspensions or Course Closures will be signalled by ***Three consecutive notes on the Klaxon.***

In either case, resumption of play will be signalled by ***Two short notes on the Klaxon.***

Administration of Closure

The Office will control the administrative duties including updating the Website following a Course Closure, as well as informing any Members and Visitors who have pre booked that day or the following day if the decision has been made to remain closed.

The Pro Shop will assume the administrative responsibility at the Weekend as detailed above.

The decision to reopen the Course will be placed with the most senior person on the list who is 'on site' but as with a Closure said person should seek guidance from the most senior contactable person wherever possible.
